

Portfolio Requirements

What's a Portfolio?

- Your portfolio is a collection of your work that shows us your design ideas and fashion-focused creative skills.
- Your portfolio should include the 4 components explained on this reference sheet.

Note: Portfolios are only required for high school admission.

1

Design a Poster

What's Required?

This design should be done **OUTSIDE** of your sketchbook. This is a final art piece, not a sketch, so please bring your absolute best poster design and make sure it's fully completed.

Materials: You can draw it, design it on the computer, use markers, etc. The material you choose is up to you!

Design Requirements

Follow these steps while creating your redesigned shirt:

Step 1. Design a poster for a concert. Include the musician(s) who will be performing, the name of the concert, the date the concert will take place, and the venue (the place where it happens). Make sure you draw some kind of attractive illustration to advertise the concert. Think about the background. Your musicians and concert can be entirely made up, or they can be based on a concert you want to go to.

Step 2. Write an artist's statement about your poster design. Your statement can be typed or written by hand.

Your statement should also include:

- What musician(s) you chose to design for
- Why you designed the poster the way you did
- How your poster will catch people's attention to make them want to go to the concert

2

Sketchbook

What's a Sketchbook?

A place to capture your design process, creative thinking skills, and art-making.

It should show us how you are practicing and improving your work.

Tips for Your Sketchbook

1. Include a variety of content, such as:
 - Planning (sketching ideas and note-taking)
 - Observational drawings
 - Ideas for designs
 - Material exploration and experimentation (use of a variety of media)
 - Your personal voice and interests
 - Collected images and materials that inspire you
2. Your sketchbook should be mostly filled. Try to work on it daily.
3. If you have multiple sketchbooks, bring them all.
4. Leave your "mistakes" in your sketchbook. They are part of your process and show us your growth. Never tear out pages of your sketchbook.

3 & 4
